

AN ORDINANCE certifying and approving the need for the services of a consultant to provide flowmetering services to the City of Fort Wayne Water Pollution Control Utility.

WHEREAS, the City of Fort Wayne Water Pollution Control Utility is experiencing periodic overloading of its sanitary sewer lines during rain events; and

WHEREAS, the Water Pollution Control Engineering Department has determined that the overloading is being caused by leaking sewers as well as illicit storm water connections, and

WHEREAS, the inflow and infiltration consumes valuable sewer capacity and increases treatment costs; and

WHEREAS, the principal method of discovering these sources is by flowmetering; and

WHEREAS, the City of Fort Wayne does not have the capability of performing this work with in-house forces; and

WHEREAS, the Board of Public Works and Safety believes that there is a need to employ a consultant to perform these services; and

WHEREAS, it is anticipated that the amount to be paid to said consultant, when extrapolated over one (1) full year, is equal to or greater than \$7,500.00.

NOW, THEREFORE, BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF FORT WAYNE:

SECTION 1. The Common Council of the City of Fort Wayne hereby certifies and approves the need for the services of a consultant to provide flowmetering services for the City of Fort Wayne Water Pollution Control Utility.

PAGE 2

SECTION 2. This Ordinance shall be in full force and effect from and after its passage and any and all necessary approval by the Mayor.
